THE COLLEGE

In 1857, The Mansfield Classical Seminary opened with a registration of 105 students. Four months later, the original building burned and the first South Hall was then completed in 1859.

In 1862, the Seminary was converted by the Commonwealth of Pennsylvania into the Normal School of the Fifth District.

Student Teaching began in 1871. In 1926, the Normal School was authorized to confer the degree of Bachelor of Science in Elementary and Secondary Education. A year later, the name of the institution was changed to Mansfield State Teachers College.

Since the authorization of the College to grant the B. S. in Education, Mansfield has expanded its curriculum to include the special fields of Music Education, Home Economics Education and Library Science.

Indicating a broadened concept of professional preparation, the Pennsylvania Legislature on January 8, 1960 authorized the title Mansfield State College. To better fulfill the broadened concept for professional preparation, Mansfield was given the right to offer a Liberal Arts Program in January 1963. A graduate program in Music Education and Elementary Education has recently been approved and inaugurated during the 1966 Summer Session.

The present campus consisting of 19 principal buildings attractively set in 75 acres is due for considerable expansion in the near future. Further recommendations to the capital budget includes land acquisition, recreation, roads, and parking lots; construction of dining hall-kitchen; a World Cultures Building; and renovation of the Arts Building. The requested additions total over three million dollars.

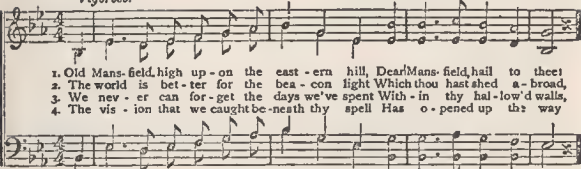

The recommendation for additional funds through our capital budget also includes a new gymnasium, student union, infirmary, library, science building addition, dormitories, two classroom buildings, and maintenance building.

The Alumni Bell has played an important and sentimental role in Mansfield State College history. Cast in 1886 by the McShane Bell Foundry of Baltimore, Maryland, the Alumni Bell was installed in the bell tower of Alumni Hall, which stood on the site of the present Library-Administration Building, completed in 1960. The Bell is inscribed "Presented to Mansfield S. N. S. 5th District by Alumni Association June 23, 1886."

When Alumni Hall was demolished, the Alumni Bell was removed and stored for several years. Now, thanks to the efforts of the Mansfield State College General Alumni Association, it has been placed in a specially-constructed brick shrine, surrounded by attractively landscaped grounds in a central spot on campus.

ACTIVITIES FEE

An activity fee of \$30. for the first semester at Mansfield and \$25. each semester thereafter is required of all students. This money is distributed to student organizations by the budget committee of Student Council and is used to support student activities.

The five dollars additional fee paid by each first semester student goes into the capital fund for the new Student Union.

All organizations receiving money must either be open to all students, or offer free educational, athletic or entertaining activities to all students.

IDENTIFICATION CARDS

Each student when admitted to Mansfield State College is issued an Identification Card (ID) free of charge. *These ID Cards are to be carried at all times and must be produced upon request,* to any authorized college authority — Administrator, Faculty Member, Security Police, Night Watchman. Failure to produce an ID Card by a student may result in suspension.

All students must bring their ID Cards to registration each semester where they will be stamped upon receipt of payment of Activity Fees.

ID Cards must be shown prior to entrance at all athletic events.

LIVING ACCOMMODATIONS

Our students reside in college resident halls, in college owned homes, in college approved homes in Mansfield, or in their parents' home. The college believes that some experience in resident hall living is beneficial to the student's social and emotional maturity, therefore, freshmen men and all women students except student teachers are required to live in the resident halls unless the student commutes from his home. Upperclassmen may be required to live in resident halls when facilities become available. Upon application to the appropriate dean, exceptions to this rule may be granted. Exceptions may be granted in cases involving age, marriage, and extenuating circumstances.

All students who reside in campus housing facilities must continue in residence for the entire academic year unless they withdraw from college, move to another community, or move to begin student teaching or other contingencies. Specific residence hall regulations applicable to individual halls will be available to each student upon request. The enforcement of residence hall regulations has been established through the respective men's and women's resident councils.

Resident students are required to eat in the college dining room. The Dean of Student Affairs may approve exceptions to the policy in cases involving health. Applications for permission to receive meals off campus must be filed one week after the student's registration date. The College Infirmary will review applications which must indicate detailed diagnosis by the family physician of blood count, urinalysis, and basal metabolism test.

Mansfield State College wishes to have residents representing all creeds, races, ethnic groups, and cultural groups living in college resident halls. Therefore, in compliance with the Pennsylvania Fair Education Practice Act, all resident assignments shall be made without regard to race, religion, color, ancestry, or national origin. Having accepted the Pennsylvania Fair Educa-

Always Have Your I.D. Card With You.

tion Practice Act, we feel that a cross section of cultures has been provided, thus providing a cosmopolitan community. The College also has accepted the Federal Civil Rights Act, Title IV, as part of its program.

CLASSIFICATION OF STUDENTS BY RESIDENCE

1. *Resident students*—those who live in resident halls or college owned homes.
2. *Off-Campus students*—those who have selected college approved housing in the community of Mansfield.
 - a. *Town students*—Those who reside with their parents, legal guardians, or are married and reside in Mansfield.
3. *Day Students*—Those who commute daily to and from the college

Male students under 21 years of age who desire to room off campus, other than in their own homes must secure the written permission of their parents and the Dean of Men. A list of approved homes in Mansfield is available in the offices of the personnel deans. Financial arrangements for renting rooms or apartments are made directly between the home owner and the student. All students must secure contracts from the personnel deans.

All married students enrolled at the college will live off campus. A student planning to be married while enrolled in college must inform in writing his personnel dean, dean of academic affairs and registrar at least two weeks before the marriage date.

LINEN SERVICE

Mansfield State College supplies linen service to all dormitory residents. The cost for this service is included in the \$8.00 per week (\$144.00 per semester) housing fee. The linen service supplies to each resident student, three towels, two sheets, and one pillow case each week as well as one blanket, one bedspread, and room drapes which may be sent periodically for cleaning. Downtown residents may avail themselves of this service by so indicating on their I.B.M. card at registration at a cost of \$28.00 per year or \$14.00 per semester.

TO FILL YOUR CLOSET

The accompanying chart provides a convenient guide for appropriate dress. The basic criterion is wearing clothing which is most suitable for the occasion. Neatness is also considered very important. Being overdressed or under dressed for an event or activity usually makes the individual ill at ease and lessens his enjoyment. We hope the accompanying guide will eliminate this problem.

ACADEMIC

SCHOLASTIC REQUIREMENTS AND STANDARDS

ACADEMIC COUNSEL

Students are urged to make full use of the Academic Advisory Service of the college. Academic guidance is not only available from an assigned academic adviser, but also from instructors, student's department chairman, and the Deans of Academic Affairs. Regular faculty office hours are scheduled for this purpose.

A student should make his choice of curriculum with care. Information regarding the various fields of study offered at Mansfield may be obtained by writing the Director of Admissions before enrollment. Since many students will undertake graduate study after completing their initial college preparation, they should confer with the Director of Admissions regarding areas of specialization. Areas of specialization should be programmed through the student's department chairman prior to matriculation or as quickly as possible after beginning matriculation. After a student has chosen a curriculum and an area of specialization, a period of two semesters must elapse before changes may be made. Unusual or mitigating circumstances may alter this policy if the student gains permission to change curriculum during pre-registration.

MARKING AND POINT SYSTEMS

Mansfield employs the following systems in grading academic performance:

<i>Grade</i>	<i>Interpretation</i>	<i>Quality Points</i>
A	Superior	4
B	Excellent	3
C	Average	2
D	Passing	1
E	Incomplete
F	Failure	0

In addition to letter grades, the following designations are used in special situations:

W—Withdrew from course with the approval of the Dean of Academic Affairs.

S—Satisfactory

U—Unsatisfactory

Ex—Credit by Examination

Aud—Audited

Instructors may correlate percentage scores with letter grades. For such correlations the following list of equivalents is presented as a guide: A=90-100; B=80-89; C=70-79; D=60-69; F=Below 59.

The academic standing of a student in every subject is reported at the close of each semester. *The quality point average* is an index to the over-all quality of a student's academic work and represents his academic standing. The average is determined by dividing the sums of the quality points earned by the number of semester hours of work scheduled.

An F grade in a required course must be cleared by repeating the course. Only courses in which D or F grades were received may be repeated for revision of a cumulative point average. Students allowed to repeat a course will receive the highest grade recorded. Not more than one D or F grade should be repeated in any one semester, excepting summer sessions.

An E grade (Incomplete) is used to denote unfinished work caused by death in the family, personal illness, accident, induction into military service, or other mitigating circumstances. The student is responsible for the removal of an E grade within a period of three weeks following the semester in which the E grade was recorded except in cases where mitigating circumstances prevail. These cases are reported to the Office of the Assistant Dean of Academic Affairs for final approval. If the E grade is not cleared either by a change of grade or cleared as a mitigating circumstance, the registrar

shall record it as an F grade. In cases involving an E grade, the student should report his case to the instruction involved so that notification of reasons for giving an E grade can be recorded on the instructor's grade report.

ACADEMIC STANDING

To remain in satisfactory standing a student must maintain a cumulative quality point average of 2.00 or better. A student whose over-all quality point average falls below 2.00 at the end of a semester will be placed on academic probation and his continued matriculation will be governed by credits earned and the corresponding quality point average required as shown by the following outline:

0-18 credits	1.40	or better	to continue	matriculation
19-31 "	1.70	" "	" "	" "
32-47 "	1.80	" "	" "	" "
48-63 "	1.90	" "	" "	" "
64-beyond	2.00	" "	" "	" and
"C" grades or better in English I or II,				

Any student whose quality point average remains below the required point average as outlined will be automatically dismissed from college. A one-semester interval must elapse before a student who has been dismissed for academic deficiency may be considered for reinstatement by the Committee or Admissions.

Any student dismissed for academic reasons for a second time automatically terminates his college career at Mansfield State College.

CLASS STATUS

Class status is determined by the total semester hours successfully completed, including acceptable credits transferred from another college.

<i>Credits</i>	<i>Class Status</i>
0-31	Freshman
32-63	Sophomore

64-95	Junior
96- or more	Senior
Special	Those who are not working on a degree program or who are classified for other reasons.

JUNIOR CLASS STANDING

At the end of the sophomore year a student must achieve junior class standing, for which the following requirements must be achieved:

1. A minimal 67 semester hours of credit with a qualifying point average of 2.00 or better.
2. At least a C grade in both English I and II.

No student may be assigned to student teaching without having achieved junior class standing. Additional requirements may be stipulated by specific departments. These specific requirements must be approved by the Academic Standards Committee.

CREDIT HOURS SCHEDULED

From 10 to 18 semester hours constitute a normal student class schedule. A student desiring to carry more than 18 semester hours must obtain permission from his department chairman. Such permission will be guided by the student's academic standing as listed on the following outline:

<i>Credits</i>	<i>Quality point average</i>
19 credits	2.60 or above
20 credits	3.00 or above

DEAN'S LIST AND HONOR ROLL

The Dean's List, issued after the close of each semester, contains the names of those students who have earned an average of 3.50 or higher for the semester.

Superior scholastic achievement is recognized by means of the college honor roll. Such recognition becomes a permanent part of every graduating senior's record, with designations based upon cumulative point averages as indicated:

Honors	3.35 to 3.64
High Honors	3.65 to 3.94
Highest Honors	3.95 to 4.00

CREDIT BY EXAMINATION

A student in good academic standing may request permission to take a comprehensive examination in a particular course offered by the college. All requests for credit by examination must be made to the department chairman involved and reviewed by the Dean of Academic Affairs. A student must present evidence that he is sufficiently competent to warrant the examination. If the request is approved, the student will register for the course by the normal procedure used for all courses. The semester hours of credit earned by examination will apply toward graduation requirements.

ADVANCED PLACEMENT PROGRAM

Courses taken before admission to college under the Advanced Placement Program conducted by the Educational Testing Service, Princeton, New Jersey, may be applied toward graduation requirements by students who are admitted to college to pursue one or more semester's work. To secure such credit the student must make formal application to the Office of the Dean of Academic Affairs. The course must satisfy college requirements and the score on the Educational Testing examination must be satisfactory to college officials. If the request for advanced placement is approved, the student will register for the course and pay the established fee. Not more than twelve (12) credits earned by such examination may be applied toward graduation requirements.

ADVANCED STANDING CREDIT FROM OTHER COLLEGES

Students wishing to transfer to Mansfield from other colleges should apply to the Director of Admissions. An applicant for transfer must provide a statement of honorable withdrawal and an official transcript of his previous college record, and must meet the same entrance requirements as any other applicant. Advanced standing credit will be given for equivalent courses completed in approved colleges. Only courses completed with a grade of C or better will be accepted for credit.

A minimum residence of one year is mandatory for a degree or for the completion of certification requirements. The college prefers that the residence of one year or 32 semester hours of credit be taken on campus the year of graduation. Mansfield State College does not allow credit for courses taken through correspondence. Students admitted by special arrangement may complete 16 semester hours of course work at Mansfield State College prior to formal admission to a degree program. In order to obtain degree credit for such pre-admission courses, a minimum grade of C must be attained.

CREDIT FOR MILITARY SERVICE

Veterans with a minimum of eighteen (18) months of honorable service may apply to the Dean of Academic Affairs for credit in Health and Physical Education.

WITHDRAWAL FROM A COURSE

Withdrawal from a course is permitted only for justifiable reasons, and with the approval of both department chairman and Dean of Academic Affairs.

No notation of a course dropped will appear on the student's permanent record if he withdraws (a) during the first three weeks of the semester, or (b) during the first week of a six-week summer session. Withdrawal from a course after the period specified will not be approved except for adequate cause.

A student will receive an F in any course from which he withdraws without approval.

The following procedure is required for withdrawal from a course:

1. The Student procures the necessary "drop" from in the office of the Dean of Academic Affairs.
2. He submits this form to his instructor, and his department chairman for approval, which will be indicated by their signatures and any comment added to the form.
3. The department chairman, after making the necessary changes in department records, transmits the "drop" form directly to the office of the Dean of Academic Affairs for final processing.

The same procedure is followed when a student wishes to add a course in place of a course dropped, except that he must also obtain the signed approval of the instructor of the course in which he wishes to enroll. Such substitution will not, however, be permitted at any time when there is reason to believe that the student cannot make up the work missed in the course he wishes to substitute.

CHANGE IN CURRICULUM

Student changes in curriculum or areas of specialization for freshmen are pre-designated in the admissions procedure. Upperclassmen are required to make curriculum or areas of specialization changes one week prior to pre-registration dates for any semester. A student desiring to change his curriculum should: first consult with his department chairman and receive his approval for withdrawal on the designated form; secondly, consult with the department chairman involved and receive his approval for entrance into the curriculum of his choice and finally, present the change of curriculum forms which include his parents approval to the office of the Dean of Academic Affairs for final approval.

WITHDRAWAL FROM COLLEGE

Students who wish to withdraw must notify the Dean of Academic Affairs who provide the student with a withdrawal form which, when completed, clears the student for formal withdrawal.

Withdrawal without proper notification and approval will prejudice a student's record and his chance for future readmission. The college reserves the right to record F grades for such courses not completed during the semester in which the student has improperly withdrawn.

Continuing education students should complete a minimum of six (6) semester hours of acceptable course work each year to remain in the category of continuing education. These credits may be taken in residence or as transfer courses to maintain matriculation.

SPECIAL STUDENTS

Special students are those in any of the following categories:

Matriculating

- (a) Continuing Education—Inservice teachers working toward a degree.
- (b) Part-time—a student carrying less than 10 hours.

NON-Matriculating

- (a) Continuing education—Teachers work for certification and enrichment purposes.
- (b) Undergraduate High School Honor Students—High School students taking advanced work for college credit.

ABSENCE POLICY

Careful preparation of assignments, regular class attendance, and attendance at college lectures are factors

that contribute to high standing. Regular and punctual class attendance is expected of all students at all times. A student cannot reap the full benefits of instruction and class participation when absent. Lowering of scholastic standing, failure, and dismissal are penalties suffered by students who are excessively absent.

The following policies concerning absences have been adopted.

1. Absences for illnesses, emergencies, or for college representation will be considered authorized absences by instructors, but must be made up to the satisfaction of the instructor.
2. Instructors will report to the dean of men or women (as appropriate) three successive absences on the part of any student.
3. All absences resulting from illness must be reported to the Infirmary.
 - a. In-bed patients will receive excuses.
 - b. Students who have illnesses which are prolonged over three consecutive class absences will be reported to the Office of Dean of Academic Affairs. This office will forward official faculty notifications regarding these absences.
 - c. Off-campus students must present a doctor's slip at the Infirmary before receiving an excuse. Prolonged illness will be reported to Office of the Dean of Academic Affairs.
 - d. Dentist and doctor appointments should be scheduled at the student's free time, to prevent missing class.
4. Absence excuses to emergencies, will be issued by the Office of the Dean of Men or Women. Emergency absences of more than 3 days will be reported to Offices of Dean of Academic Affairs

and Dean of Student Affairs through the office of the respective personnel dean.

5. The Office of the Dean of Student Affairs will submit to all instructors an initial list of students, who because of college representation or activity, will be absent from classes. After the event, if necessary, a revised list of participants will be supplied by the department concerned so that an accurate student accounting can be kept. These lists will serve as a guide for the instructor in his evaluation of an absence.
6. Students are responsible directly to their instructors for class and laboratory attendance. All work missed must be made up to the satisfaction of the instructor.

COLLEGE POLICY REGARDING PLAGIARISM AND DISHONESTY IN TESTS

Faculty members are expected to take reasonable precautions to reduce to a minimum opportunities for dishonesty in classroom quizzes and final examinations, and further to plan the assignment of topics for term papers so as to aid in solving the plagiarism problem. Where possible, the faculty member is expected to cope with such offenses in the interests of acceptable high standards as a matter primarily between the instructor and the student. Requests for assistance from the office of the Dean of Academic Affairs will be honored.

In situations where a cheating offense has been established clearly the following regulations have been formulated and should be followed by the faculty so that a uniform policy will be in force:

1. First offense on a classroom quiz: failure in the quiz and warning.
2. Second offense on a classroom quiz: failure in the course.

3. Two first offenses in separate courses: failure in both courses.
4. Offense in a final examination: failure in a course.
5. Offense on workbook or term paper: Failure in the course.

A written report of action taken by faculty members, based on these regulations, shall be submitted to the office of the Dean of Academic Affairs without delay.

COUNSELING AND ADVISEMENT SERVICE

Students wishing assistance with personal and/or academic problems are encouraged to make an appointment with the appropriate dean or assistant dean of men or women.

Each student is assigned a faculty advisor from his major department. Students are expected to confer with his advisor from time to time as problems may arise. Freshmen are required to meet with advisors at the end of their first nine weeks marking period or at any other time when so directed by the department head.

Information concerning financial aid of any type is available through the Student Aid Office. At present time this office is across the hall from the Office of the President of the College.

The Dean of Student Affairs is available upon appointment to consult with students on any problem relating to student welfare.

All students who have or use automobiles must register them with the security officer during registration.

II.

SOCIAL CODE OF CONDUCT

The traditions and principles of Mansfield State College which are to be accepted by every student upon registration, decree that the student will conduct himself at all times as a lady or gentleman and maintain standards which are consistent with good social practices and the policies outlined in this PASSWORD. College rules pertain to all students regardless of age or location of college residence.

ALCOHOLIC BEVERAGE POLICY

Use or possession of alcoholic beverages is not permitted on the college property in or the premises of living units of students, or in college approved residence where students reside, including fraternities or sororities.

Any college group sponsoring off-campus parties will be governed by the Pennsylvania state law regarding the use of alcoholic beverages.

Undesirable conduct resulting from the use of alcohol in such circumstances will be subject to the following regulations which may result in dismissal from college.

1. The possession and/or use of alcoholic beverages inside any college building, or on college property.
2. Returning to the campus in an intoxicated condition resulting in an inability to control behavior.
3. Any situation resulting in behavior reflecting discredit upon the college which has resulted from the consumption of alcoholic beverages.
4. The illegal purchase or consumption of alcoholic beverages by any student of the college described by law.

Penalties for violation of the alcoholic regulations range from social probation to suspension for a definite or indefinite period of time both of which becomes a part

of the student's personnel record. The lesser penalty will be used only when there are mitigating circumstances.

THE PENNSYLVANIA LAW states that a jail sentence is provided for a minor who purchases, attempts to purchase, consumes or transports alcoholic beverages.

GAMBLING

Gambling, on and off campus, is specifically forbidden by the administration of the college.

ILLEGAL ENTRY

Any individual or group of individuals who participate in an unlawful entrance into residence of any college student, or any college buildings, or who unlawfully take possession of such a residence will be subject to dismissal from college.

PUBLIC DISTURBANCE

A student who is guilty of an offense against law and order at the time of a public disturbance or unauthorized demonstration, or who disregards the instructions of a proctor or other college official at such time may have his connection with the college severed. The mere presence of a student in a disturbance or unauthorized demonstration makes him liable to disciplinary action.

RESPONSIBILITIES

Students shall be held responsible for conduct regulations as set forth in this handbook, and on college bulletin boards. In the event that these regulations are broken the student is referred to the appropriate court for action. Penalties are interpreted below for clarification purposes:

1. Any further violation by the individual may cause his case to be reviewed by the court or the personnel dean and may result in possible removal from

college (the probationary status becomes a part of the students personal records.)

2. A student on social probation may not leave the community of Mansfield at any time (including going home) without special permission from the respective personnel dean.
3. Parents will be notified by the court or the personnel dean of the student's precarious standing with the college.

MANSFIELD STATE COLLEGE JUDICIARY SYSTEM

To protect the students' individual rights as established by the constitution as well as to protect the welfare of the institution regulated by the laws of the Commonwealth of Pennsylvania, a judiciary system dedicated to the often times quoted "Due Process" has been developed through the efforts of the Mansfield State College Community.

To protect the student's individual rights the College recognizes that a student is entitled to the same privileges of "Due Process" as is any other citizen, therefore, a system of trial by court including counsel has been established.

The following judiciary system has been adopted by Mansfield State College. Three lower courts — Women's residence, Men's residence, and Day Students — have been established to hear cases which involve policies officially adopted by those agencies. A superior court with one minor court has been established to hear cases which involve infractions of all college policies which are policies basic to the general welfare of the College. The minor court — traffic court — has been established to hear cases involving infractions of traffic regulations as adopted by the college traffic and safety committee. The superior court shall be responsible for all appeals from any one of the resident courts, day courts, or traffic court.

Infraction of College policy as established by the Student Government Association, the resident hall councils, or the Day Student Council shall be heard by the respective resident or day court. When a student has been charged with an infraction of the above mentioned agencies' regulations or policies, the student is entitled to a hearing which shall be scheduled by the proper agency.

When a student has been charged with an infraction of either all college policy or civil law, the case shall be referred to the superior court. All appeals from either the minor courts or the traffic court shall be referred to the superior court.

The right of appeal for the defendant shall be maintained with the provision that the appeal be submitted in writing to the Dean of Student Affairs who shall review the case with the President of the College. A final decision or verdict shall be given to the student or defendant through the personnel deans.

Further revisions are being made in the judiciary system.

EMERGENCY PROCEDURES

A. FIRE

1. Break the glass on the nearest fire alarm station.
2. Vacate building by use of the various exits.
3. Call Mansfield Fire Company.
4. The first persons reaching any exit will station themselves at that exit to usher others out of building in an orderly manner.
5. Faculty members will make certain that all persons be kept at a distance which is considered safe and where they will not interfere with fire-fighting equipment.

6. Once the procedures have been followed, these officers should be notified in respective order: (a) Mr. Thomas Clark, Superintendent of Buildings and Grounds. Office ex. 231; Home 662-3820. (b) Mr. King Rose, Business Manager. Office ex. 222; Home 662-3803. (c) The Infirmary, ex. 239.
7. In case of a localized fire every effort should be taken to extinguish fire by use of the extinguishers placed on each floor of buildings on campus. It is imperative that the fire company be called even in this situation and that the foregoing instructions be carried out as well.
8. In a classroom building, faculty members will make certain that students leave the room in an orderly manner. They will designate a student to station himself at the door of the classroom to usher students into hallways and will further make certain that all windows inside the classroom are closed prior to its evacuation whenever physically possible.

B. CLOTHING FIRE:

1. Every effort should be made to extinguish the fire by wrapping the person with other clothing or by rolling him on the floor. The infirmary should be notified (ex. 239.)

C. NATURAL DISASTERS. Tornados, Hurricanes, etc.

1. Proceed to the basement of the nearest building. Until proper notification is given, all persons will remain inside of buildings.

D. BUILDING COLLAPSE OR EXPLOSION:

1. Every effort will be made to evacuate the building as quickly as possible using procedure for evacuations as outlined in Sec. A.—FIRE SITUATIONS.

E. PERSONAL INJURY OR SICKNESS OR DEATH:

1. Notify the infirmary and the telephone operator, asking for the ambulance, and giving the building location. Until professional aid arrives, every effort should be made to keep the person comfortable.

F. CIVIL DEFENSE:

1. In case of impending enemy air attack, these instructions will be followed:

(a) The fire alarm of the Mansfield Fire Department will be the official warning device. The attack alert is a steady blast of the siren for three to five minutes. At this warning, all persons not in buildings will immediately enter one. Civil Defense stations are located in the basements of the Administration building, the Arts building, and North Hall, and these are stocked and supplied with water and food. Wherever radios are available they will be turned on and tuned to frequency 1490. This frequency will be the only area on the dial where instructions for this locality will be given. Most other stations will go off the air.

(b) Whenever the attack alert is followed by a wailing or short blast of the siren for three minutes, all persons should be inside buildings and at this time will proceed to take further cover by moving to lower floors and basement. All upper floors must be vacated. Persons will station themselves at exits to make sure no one leaves the building.

(c) Following the wailing blasts (attack), all persons must remain under cover until notified by a warden or until the all clear is sounded.

(d) The all clear is identified as a steady blast of the siren for one minute. When the all clear is sounded, persons may leave their shelter areas.

STUDENT AID

As a state college, Mansfield State College offers higher education at a cost considerably below that of private and parochial colleges. For the same reason, financial assistance — both as to the number of grants made and the amounts awarded — is quite limited as compared with many colleges which are heavily endowed. While remaining committed to offering financial aid to outstandingly able students who can show evidence of financial need, Mansfield State College must necessarily recognize that the financial costs of acquiring a higher education remain, at this time, the obligation of the student and his family.

Matriculation at Mansfield State College is for a semester, the College, therefore, expects each entering student to be able to meet the expenses of the semester without the expectation of financial assistance *unless such aid has been previously arranged and confirmed*. New students, particularly, are urged to be ready to personally and wholly defray all expenses arising during their initial semester at Mansfield State College since applications for financial aid cannot be filed before formal acceptance and applications for financial aid require considerable time to process. Similar conditions exist as pertain to student employment applications.

The following points are emphasized:

- 1) A new student (prospective Freshman or transfer) should not file application for, or make inquiry about, any type of aid before his admission has been confirmed by the Director of Admissions and the Advance Registration Deposit has been paid to the College and acknowledged. Inquiries should then be made to the Office of Student Financial Aid, Mansfield State College.
- 2) The only form of financial aid available to transfer students during their first semester at Mansfield State College is part-time employment and such job opportunities are extremely limited.
- 3) Any student requesting N.D.E.A. Loans, Scholarships, or Federal-Work Study must have filed the con-

fidential statement related to his personal and family finances with the College Scholarship Service, Princeton, New Jersey. That agency will then advise the college of its objective analysis as to the student's (or student's family) ability to finance his own education at Mansfield State College. The Student Aid Committee utilizes this information when considering applications for all forms of student aid. Responsibility for filing the confidential statement rests with the student; help may be secured from high school principals and guidance counselors. *The C.S.S. information sheet is NOT an application for aid.*

4) No advance disbursement of an approved financial assistance grant will be made by the college until the student has paid the Advance Registration Deposit for the semester for which the financial aid was awarded.

OFF-CAMPUS EMPLOYMENT

The College wishes to impress prospective students that the location of Mansfield State College in a rural, non-industrialized region of the state greatly reduces the opportunities for outside part-time employment. Further, with increased emphasis being placed on scholastic attainment at this College, the number of hours in which a student may engage in employment has tended to drop sharply in recent years. The acquisition of off-campus employment is the responsibility of the individual student although the several Personnell Deans may be able to provide some limited job vacancy information. There has, however, been made available to qualified applicants, a small amount of part-time off-campus State and Federal Works Study Program employment. Additional information may be obtained in the office of the Director of Student Financial Aid.

PART-TIME CAMPUS EMPLOYMENT

Part-time student employment at the College is available in the dining hall, library, dormitories, grounds and buildings, student union facilities, and offices. Such employment is normally awarded to students who have

demonstrated ability to do satisfactory academic work and shown evidence of financial need. These positions are normally filled by upperclassmen, but a limited number of positions are open to exceptional freshmen. Requests for student employment are made after formal acceptance and payment of the Advance Registration Deposit. Applications are available from, and submitted to, the Chairman, Student Aid Committee, office of Student Financial Aid.

Part-time State and Federal Works Study Program employment is available at the college. For details see the Director of Student Financial Aid.

SCHOLARSHIPS

The following scholarships are awarded by various sponsors in cooperation with Mansfield State College. Applications are available from the office of Student Financial Aid, Administration Building.

H. W. COLEGROVE SCHOLARSHIP FUND. STATE HIGHER EDUCATION LOANS

Pennsylvania, New York and New Jersey have state agencies which guarantee a college student's loan with a banking institute. All Pennsylvania residents are eligible, including freshmen, to apply for a state higher education loan. After completion of their first semester they must be eligible by having obtained a 2.0 cumulative average. Pennsylvania grants \$1,000 per academic year (as determined by semester hours completed). Loan applications are available from cooperating banks in the student's home area or directly from the Pennsylvania Higher Education Agency, Education Building, Harrisburg, Pennsylvania (17126). New York residents are eligible upon acceptance by this college and thereafter by maintaining a 2.0 cumulative average. Grants of \$750, \$1000, \$1,250, and \$1,500 are awarded for the Freshman, Sophomore, Junior, and Senior years respectively. Qualification is governed by class standing as determined by semester hours completed, not by semesters of attendance. Applications are available from cooperating banks in the student's home or directly from New York Higher Education Assistance Cooperation, 111 Washington Avenue, Albany, New York (12224). The New Jersey plan is similar to the New York and Pennsylvania plans; applications may be secured from the lending institution or directly from the New Jersey Higher Education Assistance Authority, 225 West State Street, Trenton 25, New Jersey.

The following procedure has been established for processing higher education loans at Mansfield State College:

All copies of the application should be submitted to the Office of Student Financial Aid, Alumni Hall, Mansfield State College.

The Office of Student Financial Aid will certify your loan application, attach all necessary supporting documents, and mail your loan request to the proper agency. Notification as to award or denial will be received directly from the respective state agency.

Normally, Mansfield State College will request that the loan granted to student borrowers be divided so that a check equal to the amount which the student will owe the Commonwealth of Pennsylvania and the Mansfield Cooperative Association is payable jointly to the college and the student. Any remaining amount would then be paid directly to the student for his books, supplies, clothing, and personal expenses.

Application for a state higher education loan should be made as soon as the student has accumulated sufficient credits to qualify for the higher class standing. Students are NOT to wait until the opening of the new school year.

OMICRON GAMMA PI STUDENT LOAN FUND. Loans are made to students of the Home Economics Department with preference given to seniors. Awards are made on the basis of scholastic standing, high ideals, and strong character. Applications are received from the Chairman, Department of Home Economics and submitted to Omicron Gamma Pi which makes the individual loans.

STEVENS BROTHERS FOUNDATION LOANS. Loans of \$25 to \$50 per month during the Senior year are made to *Senior* men who will commence work at the close of the academic year. Additional information and applications may be secured from Chairman, Student Aid Committee, Office of Student Financial Aid.

ART ACQUISITION PROGRAM

In April, 1961, an art acquisition program was instituted at Mansfield, the purpose being to acquire significant original works of art and the development of a worthwhile art collection for the college. From its inception to June, 1964, funds for this were entirely realized from contributions of campus organizations, such as clubs, fraternities, student council, Alumni Association, and the Faculty Association. The program is under the direction of a student-faculty committee with the Director of Art as chairman. In September, 1964, an allocation of \$1,100 was made by the Mansfield Cooperative Government Association for this purpose. Art works purchased are oil paintings by Ralph Della Volpe, Byron Browne, Sol Wilson, John Fell, Richard Florsheim, Stanley Hayter, Benton Spruance, Daniel Kuruna, and Robert Cronauer.

ART EXHIBITION SERIES

With the completion of the Library-Administration Building in September, 1960, a monthly art exhibition series was inaugurated on the Mansfield campus for the cultural and esthetic development of the student body as well as for the community. Drawings, prints, watercolor, and oil paintings and sculptural works have been exhibited. At least four exhibits per year are secured from the New York City Galleries such as Babcock, Associated American Artists, Grand Central Moderns, ACA and Bodley. Exhibits have also been on loan from the Butler Institute of Art, Youngstown, Ohio and the Living Arts Foundation, New York City. The program is under the supervision of the Art Department and funds for its operation are allocated by the Student Government Association. In conjunction with the Fine Arts Festival, a guest artist visits the campus, giving lectures to both assembly groups and informal groups. The artist's work is also on display at that time as part of the exhibition series. Artists participating in this program have been Sol Wilson, Richard Florsheim, Ralph Della Volpe, and Margit Beck. Works by Lamar Dodd, Stanley Hayter, Sabina Teichman, and Anne Brigadier have also been exhibited at Mansfield.

ASSEMBLIES

STUDENT GOVERNMENT

Greater student participation in direction of their own affairs has been one of the most important developments recently in Mansfield State College history. Greater student participation means that each student assumes more responsibility for his proper action, conduct and thinking which accompanies the privilege of directing their own affairs. The broad basis for the student government program at Mansfield State College is based on the Student Government Association. All Mansfield students are automatically members of the Student Government Association. Monthly meetings are held for airing problems and for voting on major issues. During the monthly meetings hearings and reports received by action of the Student council are reported to the Student Government Association.

Through the Student Government Association a Student Council is elected to represent the Student Government Association of all college affairs. This organization meets on a bimonthly arrangement and conducts the normal business for the Student Government Association. It has a representation of a president, vice-president, treasurer, secretary, advisor and four delegates at large.
